BROCHURE PUBLIC

Need for security in the public sector is voluminous. Not only the areas of jail, offices and buildings but also in areas such as traffic, courthouse, railways, etc.

With our specializations in areas such as intelligent surveillance, scanners, metal detectors, alarm systems over the security of dangerous intersections, school zones, bus lane regulation, railroad crossing control system and the Wrong way (Ghost)driving system, we are the ideal partner and total supplier to the public.

Furthermore, we are able to lead the process from start to finish, from advice on installation to after sales service and maintenance.

To ensure that the sites function properly and as intended, the security measures cause trust the people operating them and protected them. We are the partner that can and will supply it.

If your specific area is not to find here, please contact us directly via info@securiness.com - we certainly have the expertise already.

SECURINESS - we are always ahead, we call it Tomorrow's SECURITY-thinking
