High Sensitivity Digital Walkthrough Metal Detector

SECURINESS Eastimage Model MD3000A

Technology features

- High detection sensitivity for the magnetic metal, non-magnetic metal and alloy
- Self diagnostic program, power-on self test, modular structure, multi-language selection, the system automatically wake up
- Highly integrated DSP digital processing technology, no need of tools to adjust, performance is more stable, more convenient after-sales service
- 24 detecting area, each area can set sensitivity alone
- Has 300 effective sensitivity
- High-brightness color LCD; display function of power-on diagnose
- 30 preset detection programs
- 100 optional frequency
- Real-time monitor of background environment interference

Technology data

Detection Sensitivity

24 detecting area, with high-brightness LED alarm, Precise positioning the location of hiding contraband.

Sensitivity Level

300 level adjustable for each detecting area

Frequency Setup

100 optional working frequency

Audible Alarm

20 volume levels adjustable, 16 tones levels adjustable

Display Screen

Color LCD display, Chinese/ English language select menu, Real-time display interference signal

Preset Working Model

30 security check working models, all parameters of detecting procedures can be set or modified at any time.

Operation Authorization

Password protection allows only authorized personnel operate

Throughput

100 people/min

Counting Function

Equipped with intelligent traffic and alarm counter, Real-time automatically displays the number of alarm and people, maximum100,000 records.

Energy-saving Function

The system will automatically enter power-saving mode when it is no detecting in 5 min., and will wake up when there is object.

Anti-interference

Highly integrated DSP digital processing technology Automatically detects environmental interference;

Resistance to electromagnetic and mechanical interference; non-periodically calibration; no alarm errors caused by vibration and shaking.

Anti-interference Capability

50cm for devices adjacent side by side

Diagnostic function

Power-on self-test, fault Display, All-control information and settings can be operated on control panel and menu.

Procedure

Computer programming controller, Chinese and English optional
language, modular structure

Safety

No harm to pacemaker wearers, Pregnant woman and magnetic media.

Installation data

Size	2200mm (L) * 800mm (W) * 550mm (H)
Tunnel Size	2000mm (L) * 700mm (W) * 500mm (H)
Power Supply	External power adapter, AC85-264V/47.5-60HZ
Power Consumption	<15W
Working Temperature	-20℃~ - +50℃
Weight	About 65 KG
